### Message From Pastor Michael Kea

Carrots, Spinach, Turnips, Brussel Sprouts, Lettuce, Cabbage, Broccoli, Kale, and others. What do these have in common? All of these are planted and grown in the winter. These colder (and darker) months may lack the zest of fruits and spices that warmer seasons bring, but these vegetables still provide exactly what the body needs to grow. Paul's message to Timothy (2 Timothy 4:2) says that faith and ministry in action is not just

for the "hotter," popular times, but even for difficult or less opportune times. We know that God's grace is always available to help us in times of need, (Hebrews 4:16) and I for one, am grateful that His presence does not close for this season. So, the frigid, gray skies will never stop God from being at work in my life, my family, or in my ministry. I can grow and encourage others to do the same even in a time like this. Keep Planting, Keep Growing, and God will give the increase!

Happy New Year!  
Pastor Mike

# SPOTLIGHT

This month's spotlight is on you, the reader. The past year has overflowed with blessings, triumphs, fulfilled dreams, goals realized, happiness, and successes. It has also been colored by perceived failures, loneliness, sickness, death, and perceived failures. This is all part of life. With the new year comes time for renewal, rejuvenation, introspection, strengthening our faith. Refining our hopes and dreams, and trying to be better than we were last year. Let the old pass away. Lock it away in a compartment that need never be revisited again. Learn from our mistakes and trust Jehovah to guide us in all things large and small.

The entire CFEC congregation wishes you a happy new year and prays that this year will bring you closer to our Father and open your spiritual eyes, spiritual ears, and spiritual minds. We thank you for supporting **Say What Now** for the past year and hope that you will remain faithful readers in 2025.
